Monarch 9662 economical wide web printer

From Concept to Checkout

PAXAR

We Make Your Sales Work(s)™

"Concept to Checkout" *By Owen Smith*

Monarch 9662 printer.

The economical 9662 offers high performance thermal direct/transfer printing with the capability to print 6" (152mm) wide labels or tags. Its robust and rugged construction means it is able to withstand the harshest of environments and is the ideal solution for applications which require a 6" wide label.
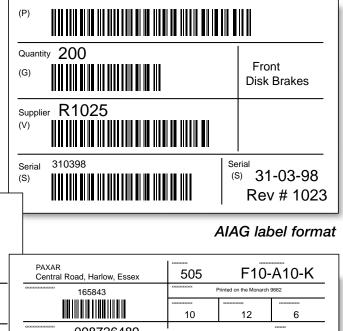

Ideal for Compliance labelling including:

• ODETTE which is used in the Automotive industry.
• EAN 128 shipping labelling.
• AIAG which is used in the chemical industry.
• Healthcare labelling.

This type of labelling ensures the smooth flow of goods between trading partners in these industries and helps improve efficiency and productivity within companies. In addition to compliance labelling the 9662 can also be used for Production Identification in a variety of heavy industries.
